

Act! Premium API Provider Setup

Last Modified on 12/20/2019 2:35 pm EST

Follow these instructions to create a new Act! Premium CRM Connected App.

1. Download version 18.2 of Act! Premium CRM at: <http://www.act.com/download/download-act!-premium-v18>
2. Once installed, you will need to know your database port.

3. You will need your username, password, base url, and database to create an instance.
