

Mixpanel API Provider Setup

Last Modified on 12/30/2019 8:54 pm EST

To authenticate a Mixpanel connector instance you must create project in Mixpanel. When you authenticate, use the **API Secret** from the Mixpanel project.

To find your API Secret:

1. Log in to your developer account at [Mixpanel](#).

2. Access Project Settings.
3. Record the **API Secret**.
